

American Welding Society (AWS) Welder Training Scholarship

Program details: AWS is offering (10) \$1,000 scholarships to students enrolled in career-oriented programs over the 2016-17 school year.

Selection Criteria:

- You must be enrolled and attending class (Foundations in Fabrication, AWS Level 1-Entry Welder or AWS Certification).
- Your tuition must be paid in full and you must be attending class.
- Complete the AWS Welder Training Scholarship Application – this application is available on our website.
- Submit the Verification of Enrollment to the Continuing Education (CE) office. The CE Manager will complete this form provided class has been in session for at least 45 calendar (not session) days.
- Mail the Application and Verification form to the AWS address noted on the application.
- For classes that start in September, AWS will review completed applications on the first work day of December; for classes that start in February, AWS will review completed applications in March, June and September.
- Scholarships will be awarded to the school on your behalf; scholarship recipients will be issued a refund check in the amount of the award.

Please contact Nancy Barrientos at (973) 627-4601 ext. 231 if you have any questions.
