

LPN Class of 2017 Achieves 100% Pass Rate!

Just recently, the last two graduates of our 2017 LPN class took NCLEX (state exam for the Practical Nurse license) and passed. As a result, we can proudly boast about the 100% pass rate for last year's class; these students all took the NCLEX and passed it on the first try. This is not the first time a class has achieved this goal, but every time it happens it's a thrill for us including the graduates and their instructors, Edward Quinones and Susan Marotta. Congratulations!
