

This Summer, Grow Your Own School Bus Drivers

Finding licensed School Bus Drivers who hold a valid Class B CDL with air brake and passenger endorsements is difficult. **Morris County Vocational Continuing Education** and **Washington Township School District's Transportation** department have teamed up and developed a very successful program that takes your average drivers, with a clean record, and steers them to become confident, safe bus drivers ready for action.

The program was developed by Transportation Director, Don Todd and one of the township's most patient trainers. Together in the classroom and on the road, they explain the process, prepare for the permit test, put the student behind the wheel and grow his/her skill so passing the road test is one and done.
